

## **Quality Technician**

Full-time

Morganton, NC

### **Job description:**

Toner Machining Technologies is a growing ISO 9001-2015 and NQA-1 certified machine shop located in the beautiful foothills of North Carolina.

We are actively seeking team members to help us in our Quality department.

### **Basic Skills / Minimum Qualifications Required**

High School diploma or GED

MUST understand standard inspection methods and procedures within the quality discipline.

Ability to read and interpret blueprints/drawings (Inch-Metric, Unilateral-Bilateral Tolerance, TP).

Knowledge of inspection functions and the ability to determine specific gauges required to complete inspections relative to drawing tolerances and specifications.

Proficiency in using hand gauges, including but not limited to, micrometers, calipers, gauge pins, radius / chamfer gauges, depth micrometers, thread gauges, profilometer, gauge blocks, optical comparator, Micro-Hite and Mitutoyo height gages.

Will assist with receiving inspections of raw materials and outsourced finishing processes and manufactured products, first article inspections prior to production, in-process and final inspections.

Perform any additional tasks as requested by quality manager.

Must have written and verbal skills to record inspections on drawings, sign off inspections on routers, generate dimensional reports and process any customer specific inspection documents, maintain and retain quality records and communicate with Manager and Teammates professionally and effectively.

### **ADVANCED QUALIFICATIONS that would be PLUS**

A PLUS – specific knowledge and ability to run Zeiss Contura or Prismo CMM

Understanding of MSA, PPAP, 8D, 5-Why, Statistical Capabilities (cp, cpk, pp, ppk)

Come join a team that respects your input and will treat you fairly!
